## FOREIGNERS HASTEN AWAY FROM MEXICO

Exodus Is on from Many  
Sections Is Reported  
to Be Well  
Underway

ADVANCE ON CITY  
PLANNED BY REBELS

Chihuahua Is Held by  
Orozco and Other  
Insurrectos and  
Is Quiet

EL PASO, March 4.—E. S. Shum and two companions who left Chihuahua at 6 o'clock last night in an automobile brought word today of a considerable exodus in progress due to the Taft proclamation.

According to plans there had been only a skirmish as yet between Orozco's force of rebels which hold the city and Col. Pancho Villa's federals. Supplied with the impressive emphasis of the presidential warning, citizens stand in fear of looting. Americans are in a predicament. They are as safe at home as traveling south, and the only means of moving north is by horse or automobile, the supply of both being scant. The undercurrent of alarm is very keen though Orozco is doing his best to reassure all residents of their safety.

The fighting yesterday began in the forenoon and lasted but an hour. Orozco lost one killed and one wounded while Villa's loss was not learned.

**Bring Foreigner Out.**  
General Salazar said tonight he would start running passenger trains on the Mexican Central between Juarez and Chihuahua within a few days and remove such foreigners as wished to leave. He expects to join Campa tomorrow. Campa with the Juarez garrison is now at Gallegos, 23 miles from Chihuahua. Orozco has asked Campa to join him in the city, but disquieting rumors in regard to Orozco has led Campa to use every precaution to avert falling into a trap. He is expected to leave for Chihuahua tomorrow night.

There is a report tonight that a portion of Villa's force deserted to Orozco last night. According to Alberto Terrazas, former governor under Diaz, Villa's forces are impudently styled federals. He says the force is composed of personal followers of Villa and that they are loyal to anyone to whom their chief subscribes allegiance. The remainder of the federal garrison at Chihuahua has joined Orozco.

Agents of Madero here assert a detachment of 1160 federals under General Blanes will leave the capital for Chihuahua tomorrow. Blanes is one of Diaz's generals who has been campaigning against the Zapatistas in the south. Those who claim to know him state his campaigns are not tempered with mercy.

**Rebel Forces Unite.**  
The vanguard of Campa's army left Juarez yesterday and joined forces with Orozco at Chihuahua this afternoon. Campa, with a detachment, remained a few miles outside the city, awaiting the arrival of General Salazar, commander-in-chief, who left Juarez at ten tonight with 150 men. General Rojas, with about 300, remained as a garrison at Juarez.

The Herald, in an extra edition tonight, prints the following from a correspondent in Chihuahua:  
"The tide has turned completely. It became known definitely today that there is almost unanimous sentiment against Madero throughout the state of Chihuahua and that using this state as a focus, the movement against the present government is to crystallize. Briefly, the plans are as follows:  
"In four days Orozco is to leave for Mexico City.

"Troops now at Chihuahua, reinforced by rebels from the north and those being constantly recruited now in Chihuahua make, by a conservative estimate, five thousand, who will march on the Mexican capital before the week end.

"All parties in Chihuahua have combined against the present administration. Men from the wealthier classes and professional working men are openly declaring against the incumbent. These will join Orozco in large numbers and march through to Mexico City. A million dollars has been subscribed by bankers, business men and ranchers to assist Madero.

"The money power of the state is to rest entirely with Orozco.

"Order in Chihuahua is perfect. Banks and stores are open, and the spirit of greatest friendly unity is manifest. Railroads will be running with through service from Chihuahua to Juarez shortly."

A hundred and fifty Americans, from the American lumber town of Madera, reached Pearson this afternoon. An attempt will be made tomorrow to make up a train to bring them to El Paso.

### AMERICANS LEAVE CAPITAL

MEXICO CITY, March 4.—Americans are getting out of this section of Mexico as rapidly as possible. All sleeping car accommodations are engaged until Saturday, and the list on the steamer sailing from Vera

## IN SONORA ALL AMERICANS ARE PERFECTLY SAFE

WASHINGTON, March 4.—Lieutenant-Colonel Galbraith, of Fort Huachuca, has advised the state department today that Americans in the state of Sonora are in no peril. In the event of intervention, he said, the Americans at Cananea could hold their own for twenty-four hours until reinforced from Bisbee or Fort Huachuca. He added that there is no present need for more troops at Nogales or Douglas. Horse stealing is the principal annoyance to residents along the Arizona side.

## SITUATION IS NOT SO SERIOUS AS IT HAS BEEN PAINTED

Reports from Douglas on  
Smallpox Conditions  
Exaggerated

NO REAL EPIDEMIC

Dr. L. L. Miner, county health officer, returned last night from Douglas, where he went to get first hand information regarding the smallpox situation in that city. While the situation there is sufficiently serious to command precautions against its spread, it is not as serious as it is currently reported to be outside of that city and there is no occasion for alarm or panic.

There was one new case of smallpox yesterday, which was the first case of the disease reported since January 29. The total of cases since January 15, when the first case was reported, is only 15. In the light of these figures, which are accurate, it can hardly be said that the disease exists in epidemic proportions, considering the population of Douglas. Douglas physicians are exerting every effort to prevent the spread of the disease and the small number of cases testifies to the thoroughness of their surveillance. The suspicious cases that are under observation have exhibited only the first symptoms. These will be kept under observation and if positive symptoms are developed, they will be quarantined. No suspicious cases were reported yesterday.

**Will Fumigate Mail.**  
As a precaution against the bringing of the disease to the Warren district, all mail from Douglas will be fumigated. The fumigation will extend to all classes of mail. The fumigator was made yesterday. This process will result in delaying Douglas mail several hours after its arrival here.

The health authorities advise people not to congregate in the post office lobby, but to depart after receiving their mail. The lobby at certain times of the day is the most congested spot in the city. In the afternoon between 5 and 6 o'clock this congestion amounts almost to a jam.

The original source of the contagion at Douglas is not positively known. The only possible source, after all reasonable hypotheses have been rejected, is the illness of a traveling man who died after being removed to the county hospital. His case exhibited every symptom of a certain specific infection and it was so pronounced and diagnosed, the whole history of the case bearing out the diagnosis. The only reason for suggesting that this may have been the original source of the contagion is that a certain specific called "606," which was used by the patient, may have had the temporary effect of clearing up the eruptions and hiding the identity of the disease. If this suggestion is discarded, the origin of the disease is a mystery.

Some color of authenticity is given this theory by the fact that persons known to have come into close contact with the traveling man have been stricken with the disease. The county health authorities are co-operating with the Douglas authorities to stamp out the disease and prevent its spread and the people of Bisbee and other county points are assured that every effort is being exerted toward this end.

### WILSON BREAKS RECORD.

WASHINGTON, March 4.—Secretary Wilson of the agricultural department today broke all records for continuous service in the presidential cabinet, completing his fifteenth year.

Cruz is full. More trains will be operated, should the exodus increase. The already tense feeling of the foreigners was given a further shock today by the announcement in a morning paper that Mrs. Wilson, wife of the ambassador, had left the city.

The ambassador sent a note of correction, saying his wife had not left and had no intention of doing so.

## STRIKE HORROR TOLD TO HOUSE

Children Describe Conditions in Lawrence and Narrate Pitiful Tales

VIOLENCE DESCRIBED

WASHINGTON, March 4.—Girls and boys fourteen and fifteen, striking mill workers from Lawrence testified today before the house committee on rules which is considering a resolution to investigate the riots that followed attempts to take children from the city. The children told of long working hours, low wages and how they had to pay the American Woolen company five cents a week for drinking water which they describe as "canal water." Some of them told of seeing women beaten by the police, children knocked down and hurled into wagons like "bundles of rags," a week ago Saturday.

After the testimony of seven or eight children had been taken, Max Bogatin, a salesman, of Philadelphia, one of the socialist committee which was sent to Lawrence to accompany the strikers' children to their homes, was questioned regarding the charges of disorder and brutality at the Lawrence depot. He said a soldier tried to keep him in the station by guarding the door with his bayonet. "I saw soldiers pick up children by the legs, like they were rags," said he, "and I saw one woman choked by a soldier. I was beaten by a policeman and still have wounds on my back where he beat me."

Miss Jane Bock, also of the Philadelphia committee, corroborated much of Bogatin's testimony.

Samuel Goldman, sixteen, testified he received \$1.00 for these days work, and never made more than \$1.50 a week. He said children paid five cents a week for drinking water whether they drank it or not and were docked an hour's pay if late. He said his father never made more than \$3 a week.

Victoria Weimarsky, fourteen, the first girl witness said she was one of eight children.

"Do you get enough to eat?" she was asked. "When we are all working I do," she replied.

### SITUATION AT LAWRENCE.

LAWRENCE, Mass., March 4.—Another crucial day in the strike is looked for tomorrow. The strikers made preparations tonight to increase the hundreds of pickets who did duty today, but the mill agents say many operatives who remained away this morning through fear of violence will report for duty tomorrow to receive the advance in pay. The entire police force will be on duty, and militia will be stationed at the mill zone.

Impartial observers declared the number of operatives at work today, aside from the thousand or more men of the central labor union, did not exceed the number last week.

## DEFENDER APPEARS FOR CITY COUNCIL

"Did Just Right" Declares  
Wood Canyon Resident  
in Interview

That the Tombstone canyon road extension is not without its adherents is proven in a statement made to The Review last night by George F. Wade, of Wood Canyon. He says that he believes the city council did exactly right in authorizing the extension, and says that it was promised the citizens of that part of the city over two years ago.

"As I see it, the city of Bisbee has merely discharged an obligation that it owed to the western part of the city. Two years ago, when it was desired to have that part of the city come into the city limits, we were promised that we would be given fire protection, lights and that the road would be extended. As we are paying taxes the same as citizens in other parts of the city, I think it is but right that the city should extend the canyon road."

"We have no lights in Wood Canyon, but we are not making a point of that, though lights were promised us. We also have been given fire protection recently, but the main item of the promise was the road extension, which will carry with it the extension of the Warren-Bisbee railway line. Had these things not been promised us, we certainly would not have voted to come into the city limits."

"Mr. Schmid is certainly mistaken in saying that only three people would be benefited by the extension of the canyon road. I know of at least forty taxpayers in that part of the city who would be benefited by the extension. Some of these are Magnus Mainland, George Borrego, Jake Fletcher, George Elting, Bill Elting, C. N. Thomas, Dr. Hunt, Messrs. Malcolm, Greeler, Verfurth and others. I do not know the opinion of all of these, but I do know they would be benefited by the road extension."

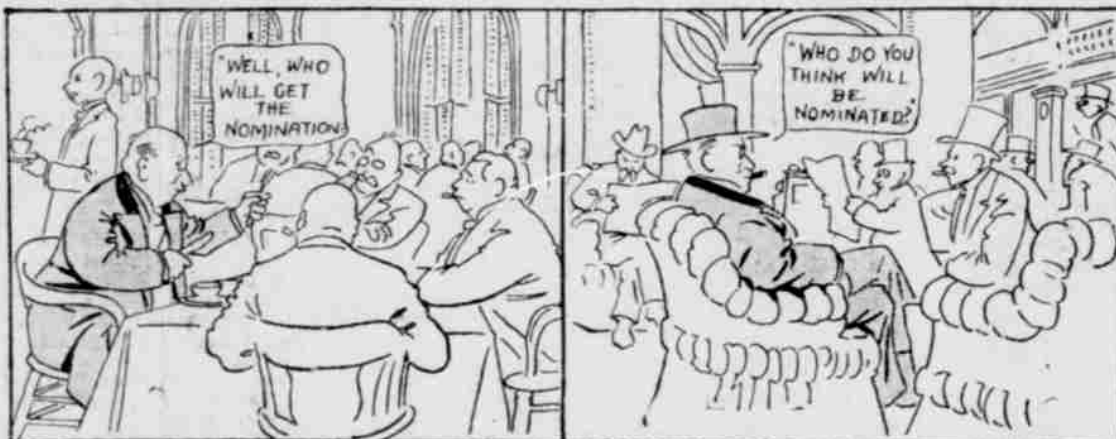

## WHAT THEY ARE TALKING ABOUT IN WASHINGTON

By John T. McCutcheon.

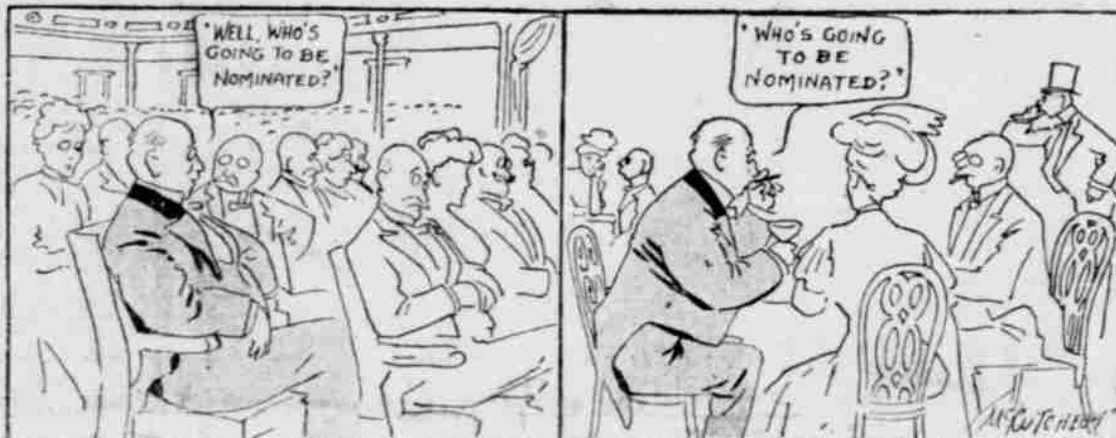

The program from 9 A. M. to noon.

From noon to 1 P. M.

From 1 P. M. to 3 P. M.

From 3 P. M. to 7 P. M.

From 8 P. M. to 11 P. M.

From 11 P. M. to 1 A. M.

## NO DECISIONS YET IN INJUNCTION CASE

Court Still Holds Matter  
Under Consideration  
and Is Silent

No action was taken yesterday by the superior court at Tombstone in the two injunction cases, pending against the city of Bisbee. Judge Sutter was to have given his decision in the case of the Hoffman Bros. Loan and Trust Co. vs. the city of Bisbee, seeking an injunction to prevent the city from enforcing ordinance No. 177 against the plaintiffs, and the petition of the Arizona Insurance Agency, L. J. Overlock, Gus Haigler and Bruce Perley, asking for an injunction preventing the city from collecting a quarterly license of fifteen dollars from agents of fire insurance companies, was to have been argued before Judge Sutter, but no action was taken in either case, owing to the illness of George Neale, representing the plaintiffs in each case.

It became known yesterday that it is the Pacific board of underwriters that is back of the suit to have the city ordinance taxing agents of fire insurance companies annulled. The board has promised to stand by its agents to the extent of \$250 in testing the ordinance in the lower courts. The backing of the board was suggested by Bruce Perley, who suggested the suit in a night letter to the board of underwriters on February 28. The answer to Mr. Perley's telegram implies that the board does not extend its support further than the lower court proceedings.

The telegram sent by E. F. Rhinehardt, secretary of the Pacific board of underwriters to the Arizona Insurance Agency, Gus Haigler, L. J. Overlock and Bruce Perley, was as follows:  
"Fire companies authorize the prosecution of any action you deem necessary to test the validity of the ordinance you refer to, imposing a license fee upon companies, expense in lower court not to exceed \$250, as stated in Mr. Perley's night lettergram of the 28th."

### AUTHORIZE BOND ISSUE

Stockholders of Salt Lake Vote to Grant Increase

SALT LAKE, March 4.—Stockholders of the Salt Lake route, at a meeting today authorized the retirement of the existing sixty millions in bonds, and the issuance in its stead of seventy millions of first mortgage bonds. The ten millions will be used in building branch lines, and general improvements.

## HENDERSON IS NAMED AS FAIR COMMISSIONER

PHOENIX, Ariz., March 4.—Special Governor Hunt today named John J. Keegan of Globe, and J. R. Henderson, of Bisbee, fair commissioners to succeed W. C. Foster of Phoenix and E. R. Pirie, of Douglas. Hugh Campbell was named to succeed himself.

## FIRE LOSS IN TIEN TSIN OVER \$6,000,000

Conditions in China Are  
in State Approaching  
Anarchy

TIEN TSIN, March 5.—Strong military and patriots guarded all the foreign concessions throughout the night. It is estimated that the damage here by fire alone exceeds six millions. A vastly greater loss is due, it is feared. Authorities are decapitating scapegoats and not punishing the real offenders.

### CONDITIONS IN PEKING

PEKING, China, March 4.—The commander of the British troops at Fengtai has received reports that the mutineers driven off Sunday have been reinforced and are moving down the railway. The Inniskillen Fusiliers, now guarding that section, are being shifted to advantageous positions.

It is reliably reported that Yuan Shi Kai has brought into Peking a bodyguard from his home province, Honan. He shifts his troops about Peking almost daily, one day giving the old style troops a command, and the next detaining them in barracks and leaving the police and general d'armes in control. The police are mostly Manchus and the Manchus are proving more loyal than the others.

The reason for the mutiny is still causing speculation. It is believed the soldiers were incited to rebellion by the prospect of being disbanded, and because of loss of faith in Yuan. The strange form the rebellion took shows a fatal ignorance and lack of discipline. Many of the lower classes do not know the meaning of the republican flag, which is floating everywhere instead of the dragon.

## SUPERVISORS ARE TO MAKE COUNTY TOUR

Road Supervisor, Surveyor  
and Sheriff Also  
in Party

For the purpose of learning the road needs of the county and in general to familiarize themselves with the county conditions and needs in all respects the board of supervisors, county surveyor, county road supervisor and sheriff will soon start on a trip through the county. This was one of the decisions arrived at by the board of supervisors at its meeting last week. There will be two automobiles used for the party consisting of Messrs. Hickey, Riggs, Rock, McNeish, Bentor and Wheeler.

In the past there has been complaint that the county was not receiving dollar for dollar in benefits for the money expended upon the roads. The new democratic administration seeks to avoid criticism of this nature and is therefore at the very outset seeking to determine what the road needs really are and how the appropriation for up keep and for further improvements may be made to go the farthest. That determination resulted in the plans for the trip that is soon to be taken by board and officials.

## PITNEY WILL AWAIT HIS CONFIRMATION

Nominee for Justice Will Not  
Take Oath Until  
Senate Acts

WASHINGTON, March 4.—Chancellor Mahlon Pitney will not take the oath of office as supreme court justice until he has been confirmed by the senate which will probably be at the next executive session. The vote of the judiciary committee to report his nomination favorably was unanimous. Culberson obtained permission to print in the record as a public document Pitney's decision in the so-called glass blowers case which sustained the lower courts' injunction against a strike.

It has developed the labor decision of which the Iowa state federation complained, was written by Pitney's father.

### ANAYA MADE CONSUL

TUCSON, Mich., March 4.—H. V. Anaya, formerly an attorney and United States deputy marshal here, was today sworn in as Mexican consul.

## ROOSEVELT IN A STATEMENT PARES WORDS

Makes Distinction Between  
"Being a Candidate"  
and "Accepting  
Nomination"

FINE LINES DRAWN  
BY AMBITIOUS ONE

How He Plays Political  
Game Made Clear  
By Colonel in  
Statement

OYSTER BAY, March 4.—Roosevelt said today it was perfectly true that he had said he would not be a candidate in 1912, and that he made such a statement to many friends, but had not declared that he would not accept a nomination if it was tendered. He drew the "distinction" between becoming a candidate and being willing to accept a nomination. The position of the colonel is set forth in a statement which he gave out explaining the circumstances that induced him to write a letter which was made public today, written to E. A. Van Valkenberg, editor of the Philadelphia North American last June. In the letter Roosevelt declared to be untrue a story sent out from Washington that he would support Taft, and that he would not be a candidate in 1912.

**Admits Past Statements.**  
The statement says: "At that time persistent efforts had been made from Washington to convince the progressives I was really supporting Taft. On this particular occasion a statement was made with the greatest explicitness. I promptly denied that statement, and was assured on the one hand, I had been inspired from the White House and assured on the other hand it had not been, but on the contrary, was made purely on the initiative of the Associated Press. The Associated Press people assured me they were not responsible for the false statement, and as will be seen by reference to the letter itself, Mr. Noyes was quoted as having said he got the information from independent sources. I don't know who gave out this letter but I am certain it was not Mr. Van Valkenberg, for I know him to be an honorable man."

"To all who were writing me at that time to become a candidate, I answered that I would not be. To all who asked me whether I would accept if nominated, I answered yes. If I knew them sufficiently well to be sure they would understand me; otherwise, I said simply, I would cross that bridge when I came to it. In most cases, if the man was at all a close personal friend, I told him I counted on his doing everything possible to prevent any movement looking to my nomination. It was not until the last three or four months that I was finally obliged to come to the conclusion that there was a real demand among the people as a whole for my nomination, which did not come only from personal friends of mine, and was neither inspired nor engineered by them."

"If the people do not wish me to serve, I most certainly do not wish to serve. If they desire me to undertake in their interest the great task I shall do so, and I shall perform it with whatever courage and ability I possess. Whether there will be such an expression of popular will, I cannot say, as where there are no preferential primaries it unfortunately seems too often to be the case that the effort of political leaders is not to give expression to the popular will, but that they fight it in every way possible."

### JOHNSON ALSO AMBITIOUS

Not a Candidate for Vice President,  
but, Like the Colonel, is Willing  
to Be a Nominee

SACRAMENTO, March 4.—Governor Johnson returned from the east today after a six weeks' trip. "I have no doubt Roosevelt will win in California, and in all the seven states which have preferential primaries," he said. "Even in Taft's own state of Ohio, sentiment seems overwhelmingly in favor of Roosevelt. The chairman of the Ohio State Republican committee told me that fully thirty-nine and probably more of Ohio's forty-eight delegates to the national convention will be for the colonel."

The governor said he would not discuss the report that he is a candidate for vice president with Roosevelt. He intimated, however, it was an honor he would not refuse, if asked. As to the report that "big business" and Wall street generally favored Roosevelt, the governor laughed and said, "Wall street is ten to one for Taft."

### WINS OKLAHOMA CONVENTION

Roosevelt Seems to Dominate by Two  
to One

OKLAHOMA CITY, March 4.—Roosevelt received here today from precinct conventions show 237 delegates.

(Continued on Page 2)
